ORDER

No. ASDMA.28/2021/63

Whereas, the Assam State Disaster Management Authority (ASDMA) has vide order of 30-04-2021 issued consolidated and revised guidelines for all districts for containment of COVID-19 pandemic in Assam.

Whereas, the positivity rate of COVID-19 cases in the state has shown significant rise increasing necessitating a revisit of the existing directives.

And Whereas, in the context of the continuing surge of infections in the second wave of COVID-19 pandemic, the Hon'ble Supreme Court of India vide its Order dated 30th April, 2021 in Suo Motu Writ Petition (Civil) No.3 of 2021 has directed the State Governments to take measures to curb the spread of the virus and urged to consider imposing a ban on mass gathering and super spreader events in the interest of public welfare.

Now, therefore in exercise of the powers, conferred under Section 22(2) (h) of the Disaster Management Act, 2005, the undersigned, in his capacity as Chairperson, State Executive Committee of the State Disaster Management Authority, Assam, hereby issues the revised and consolidated directives as follows which shall be in supersession of all earlier orders and shall come in force from 5.00 AM of May 5, 2021 and remain in force until further orders.

A. Containment Zones:

In case the test positivity of COVID-19 reaches 10% or more in the last one week or Bed Occupancy either oxygen supported or ICU beds crosses 60% in a large geographical area or a city or district or well defined parts thereof, jurisdictional district magistrates will decide on declaring such areas as containment zones and ensure necessary containment measures for COVID-19 as envisaged in MoHFW, Gol advisory dated 25th April,2021 annexed with MHA order dated 29th April,2021 (Annexure-A).

B. Gatherings

1. No meeting / gathering at any open or closed spaces shall be allowed;
2. For marriages, only religious part will be allowed with presence of maximum of 20 (twenty) persons. No reception parties will be allowed post or pre marriage.
3. At all religious places, congregation of not more than five persons shall be allowed at any time.
4. Funeral / last rites related gatherings shall not be more than 20 persons for each deceased.
5. All shops and commercial establishments shall shut down at 2.00 PM on all days.

6. Restaurants, Dhabas and other eateries can entertain dine-in guest only up to 2.00 PM. Takeaway including home delivery of food is allowed till 6.00 PM after which only home delivery of food will be allowed.

7. Restaurants operating within a Hotel or Resort can allow outside guests up to 2.00 PM only. However, in-house guests of the Hotel/Resort may be allowed to dine-in up to the usual time of operation.

8. Delivery of essential goods through e-Commerce may continue with observance of COVID appropriate behavior.

9. Cold storages and warehouses may continue after 2.00 PM. However, sale counters, showrooms etc. attached to these warehouses or cold storages shall not operate after 2.00 PM.

10. Pharmacies, Hospitals, Animal Care Centres and Veterinary clinics may operate without restrictions being providers of essential and emergency services.

C. Work Places (Government and Private)
1. All offices both private and Government shall shut down at 2.00 PM (1400 Hrs) on all days.

2. Except officers, only 50% employees can work from office.
   However, 1 and 2 above will not be applicable for organizations rendering Essential/Emergency Services, Law Enforcement Services and Election work.

3. Pregnant women employees and women with children of 5 years or below working under any Government / PSU / Financial Institutions / Private Organizations irrespective of their grade shall be eligible to work from home.

4. Persons with disabilities (PwDs) working in any Government/PSU/ Financial Institutions/Private organizations shall be exempted from attending duties in consonance with the O.M No.11013/9/2014/Estt.(A.III) dated 1st April, 2020 issued by DoPT, GoI. However, they may be encouraged to work from home.

D. Educational Institutions (Government and Private)
1. All Educational Institutions including Schools/Colleges/Universities must provide quality virtual options.

2. Education Department will issue detail guideline/SOP for uninterrupted education service keeping in view of the COVID-19 precautionary measures.

E. Public Transport (Government and Private)
1. All Public transport authorities shall enforce COVID-19 appropriate behavior and seating inside the vehicles, carriers, containers etc.

2. Auto Rickshaws, cycle rickshaws and taxis shall operate with one driver and two passengers maintaining social distancing.

3. City buses, Intra-district, Inter-district and Inter-state buses will be allowed to operate with 50% of seating capacity.

4. Wearing of face mask is mandatory even for a single person driving a vehicle. In case of persons travelling in any private car, up to 100 % of its seating capacity, wearing of face mask is mandatory for all the persons.
F. Night Curfew

There shall be total ban on movement of individuals from 6.00 PM to 5.00 AM daily, except for exemptions as follows:

1. All Officials and persons, both government and private involved in emergency services and all other essential services on production of valid Identity card.
2. All Judicial officers / officials of courts of Assam on production of valid Identity card.
3. All private medical personnel such as doctors, nursing staff, paramedical staff etc. and other hospital services (such as hospitals, diagnostic centres, clinics, pharmacies, pharmaceutical companies and other medical & health services).
4. Pregnant women and patients for getting medical /health services.
5. Person coming from/going to Airports/Railway stations/ISBTs allowed to travel on production of valid ticket.
6. Officers/officials related to functioning of offices of Diplomats of various countries as well as persons holding any constitutional post on production of valid Identity card.
7. Electronic and print Media on production of valid Identity card.
8. There shall be no restriction on inter-state and intra-state movement / transportation of essential / non-essential goods. No separate permission / e-pass will be required for such movements.
9. Movement of persons related to commercial and private establishments providing following essential services/commodities shall be allowed:
   I. Shops dealing with food, groceries, fruits & vegetables, dairy & milk booths, meat & fish, animal fodder, pharmaceuticals, medicines and medical equipments.
   II. Banks, Insurance offices and ATMs.
   III. Telecommunications, Internet services, Broadcasting and Cable services, IT and IT enabled services.
   IV. Delivery of all essential goods including food, pharmaceuticals, medical equipments through e-commerce.
   V. Petrol pumps, LPG, CNG, petroleum and gas retail and storage outlets.
   VI. Power generation, transmission and distribution units and services.
   VII. Cold storage and warehousing services.
   VIII. Private security services.
   IX. Manufacturing units of essential commodities.
   X. Production units or services, which require continuous process
10. Persons who are going for COVID-19 vaccination.
11. All the employees / persons involved in operations related to forestry under the Environment & Forest department on production of valid Identity card.

G. Miscellaneous

1. Wearing of face mask is compulsory in all public places.
2. Shop owners shall ensure minimum six feet distance among customers and shall not allow more than 5 persons inside the shop. In addition, shop owners should compulsorily keep sanitizers and hand wash in their shops.

3. Shopkeepers and customers shall have to wear masks, hand gloves and maintain social distancing. Responsibility of maintenance of social distancing will be on the shop owner and failure to do so will be viewed very seriously and may entail summary closure of defaulting shops.

4. Industrial units and Tea gardens may function subject to observance of COVID appropriate behaviour. Head of the unit/tea garden shall be responsible for ensuring social distancing, mask wearing by workers and staff, sanitization of industrial premises, thermal scanning etc.

H. Penal Provisions:-

1. Any person violating these measures will be liable to be proceeded against as per provisions of Section 51 to 60 of the Disaster Management Act, 2005, besides legal action under Sec. 188 of IPC and other legal provisions as applicable.

2. Any person not wearing face mask and/or spitting in public places shall be fined to the tune of Rs.1000/- vide ASDMA’s earlier Order No. ASDMA/24/2020/Part-1/122 dt. 14/10/2020 which can be imposed by District wise Task Force comprising of District Disaster Management Authority, Magistracy, Police, Enforcement wing of District Transport Officer and Enforcement wing of Guwahati Municipal Corporation in their respective jurisdictions.

ANNEXURE-A

No. 40-3/2020-DM-I(A)
Government of India
Ministry of Home Affairs

North Block, New Delhi-110001
Dated 29th April, 2021

ORDER

Whereas, an Order of even number dated 23.03.2021 was issued for effective control of COVID-19 in the country, for a period upto 30.04.2021;

And whereas, considering the unprecedented surge in COVID-19 cases across the country, Ministry of Health & Family Welfare (MoHFW) vide DO No. Z.28015/85/2021-DM Cell dated 25th April 2021, has issued an advisory to all States and Union Territories (UTs), for implementing intensive, local and focused containment framework, in specific districts/cities/areas, identified based on a prescribed criterion:

Whereas, in exercise of the powers under section 6(2)(i) of the Disaster Management Act, 2005, National Disaster Management Authority (NDMA) has directed the undersigned to issue an order, for ensuring compliance on the focused containment measures, as mentioned in the aforesaid MoHFW letter dated 25.04.2021, for containment of COVID-19 in the country;

Now, therefore, in exercise of the powers, conferred under Section 10(2)(i) of the Disaster Management Act 2005, the undersigned, hereby directs the State/Union Territory Governments and State/Union Territory Authorities to consider the containment measures for COVID-19, as conveyed vide aforesaid MoHFW advisory dated 25.04.2021, as per Annexure-I, for immediate implementation in their State/UT, based on the assessment of the situation, until 31.05.2021. States/UTs, will take the necessary containment measures, under the relevant provisions of the Disaster Management Act 2005. It is further directed that:

(i) The National Directives for COVID-19 Management, as specified in Annexure-II, shall continue to be strictly followed throughout the country.

(ii) All the District Magistrates shall strictly enforce the containment measures taken by States/UTs and the National Directives.

(iii) Any person violating these measures will be liable to be proceeded against as per the provisions of Section 51 to 60 of the Disaster Management Act, 2005, besides legal action under Section 188 of the IPC, and other legal provisions as applicable.

To:
1. The Secretaries of Ministries/Departments of Government of India
2. The Chief Secretaries/Administrators of States/Union Territories
   (As per list attached)

Copy to:
1. All Members of the National Executive Committee
2. Member Secretary, National Disaster Management Authority
Understanding the virus transmission dynamics:

The virus transmits through the human host. It is imperative to understand that in order to contain the transmission of the virus, the strategies involve not just containing the virus but also the human host.

Broadly, the strategies are:

1. **Individual actions** such as wearing of masks, maintaining a distance of 6 feet from others, sanitizing one’s hands frequently and not attending any mass gathering; and

2. **Public Health measures** to contain the virus by:
   - quarantining and testing individuals suspected to be positive including contacts of SARS-CoV-2 positive persons, SARI cases, persons with flu like symptoms etc. and ensuring that they are not mobile and thus able to spread the infection
   - isolating all those who are positive, tracing their contacts, quarantining and testing them.
   - where there are clusters of cases, simply quarantining individuals or families will not help. In that case, **containment zones** with clear boundaries and stringent controls will be required to ensure that the infection does not spread outside. This is in line with the containment strategy followed worldwide and also already enumerated in SOPs of the Ministry of Health. This would mean a large geographical area like a city or district or well defined parts thereof, where cases are high and spiraling up, gets contained physically. However, regulated movement of public transport would be permitted.

3. **Evidence Based Decision:** The decision on where and when to go for large Containment Zone (CZ) has to be evidence based and done at the State/UT level after proper analysis of the situation, such as; the population affected, the geographical spread, the hospital infrastructure, manpower, the ease of enforcing boundaries etc.

4. However, in order to facilitate objective, transparent, and epidemiologically sound decision making, the following broad-based framework is provided to aid States UTs in selection of districts/areas:

<table>
<thead>
<tr>
<th>S. No.</th>
<th>Parameter</th>
<th>Thresholds</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Test positivity</td>
<td>Test positivity of 10% or more in the last one week</td>
</tr>
<tr>
<td>OR</td>
<td></td>
<td></td>
</tr>
<tr>
<td>2</td>
<td>Bed occupancy</td>
<td>Bed occupancy of more than 60% on either oxygen supported or ICU beds</td>
</tr>
</tbody>
</table>
5. The areas requiring intensive action and local containment connotes specific and well-defined geographical units such as cities/town/part of the towns/district headquarters/semi-urban localities/municipal wards/panchayat areas etc.

6. The areas so identified for intensive action and local containment will primarily focus on the following strategic areas of intervention:

A. Containment
   i. Focus will be on containment as a major approach to flatten the current curve of the epidemic.
   ii. Night curfew: Movement of individuals shall be strictly prohibited during night hours, except for essential activities. Local administration shall decide the duration of the night curfew hours and issue orders, in the entire area of their jurisdiction, under appropriate provisions of law, such as under Section 144 of CrPC, and ensure strict compliance.
   iii. The spread of the infection has to be controlled through restricting the intermingling amongst people, the only known host for the COVID-19 virus.
   iv. Social/political/sports/academic/cultural/religious/festival-related and other gathering and congregations shall be prohibited.
   v. Marriages (attended by up to 50 persons) and funerals/last rites (attended by up to 20 persons) may be allowed.
   vi. All shopping complexes, cinema halls, restaurants & bars, sports complexes, gym, spas, swimming pool and religious places should remain closed.
   vii. Essential services and activities such as healthcare services, police, fire, banks, electricity, water and sanitation, regulated movement of public transport including all incidental services and activities needed for a smooth functioning of these activities shall continue. Such services shall continue in both public and private sector.
   viii. Public transport (railways, metros, buses, cabs) to operate at a maximum capacity of 50%.
   ix. There shall be no restrictions on inter-state and intra-state movement including transportation of essential goods.
   x. All offices, both government and private, to function with a maximum staff strength of 50%.
   xi. All industrial and scientific establishments, both government and private may be allowed subject to the workforce following physical distancing norms. They shall also be tested through RAT (in case of individuals identified with flu like symptoms) from time to time.
   xii. The SOPs already issued by MoHFW, including training manuals for surveillance teams and supervisors are available on the website & must be followed.
   xiii. However, these are indicative activities, and States/UTs should make a careful analysis of the local situation, areas to be covered, and probability of transmission and then take a decision.

.....contd/-
xiv. The restrictions as above shall continue for a period of 14 days.

xv. Before declaring a containment area, make a public announcement, outlining the rationale for the same and the kind of restrictions that will be in place (a leaflet in local language may be distributed highlighting the gravity of the situation and restrictions to be followed)

xvi. Community volunteers, civil society organizations, ex-servicemen, and members of the local NYK/NSS centers etc. should be involved for sustainable management of containment activities, translating the aforementioned leaflets and for encouraging people in the community for sustained behavior change as well as vaccination.

B. Testing and Surveillance

Districts will continue with the strategy of ‘Test-Track-Treat-Vaccinate’ and implementation of Covid Appropriate Behavior across the district as the ongoing strategy for the management of COVID-19.

i. Ensure adequate testing and door to door case search in the area through adequate number of teams formed for such purpose.

ii. Plan for testing of all clinically resembling cases of Influenza like illness (ILI) & SARI through RAT. All symptomatic individuals turning out to be negative for SARS-CoV-2 infection with RAT need to be retested through RT PCR.

iii. Ensuring compliance of COVID Appropriate Behaviour aggressively both through creation of awareness through involvement of the community based organizations and through stringent regulatory framework.

C. Clinical Management

i. Analysis to be undertaken with respect to requirement of health infrastructure so as to manage the present and projected cases (next one month) and necessary action initiated to ensure sufficient oxygen-supported beds, ICU beds, ventilators, ambulances including creation of makeshift hospitals, as needed. Sufficient quarantine facilities shall also be re-activated.

ii. Leverage government, private health facilities including hospital facilities available with central ministries, railway coaches, temporary field hospitals etc.

iii. Ensure that people satisfying protocol for home isolation only are allowed under home isolation. Create a mechanism for their regular monitoring through Call Centres along with regular visit of surveillance teams to such houses.

iv. Provision of a customized kit for all patients under home isolation, including detailed dos and don’ts to be followed by them.

v. Specific monitoring shall be done for high risk cases and their timely shifting to the health facility. Similarly, elderly and co-morbid contacts of positive cases shall be shifted to quarantine centres and monitored.

.....contd/-
vi. Appoint senior district officials as in-charge for all Covid dedicated hospitals and create a mechanism for seamless shifting of patients (including home isolation cases) as per their symptom to the relevant facilities.

vii. Ensure availability of sufficient ambulances for such purpose.

viii. Coordinate availability of oxygen, other related logistics, drugs etc. in collaboration with state officials and ensure their rational use.

ix. Oxygen therapy for the admitted cases shall follow the guidelines issued by Ministry of Health on the rational use of oxygen.

x. Use of investigative drugs (Remdesivir/Tocilizumab etc.) shall also strictly follow the clinical management protocol/advisories issued by Ministry of Health.

xi. Facility wise cases and deaths shall be analyzed on daily basis by the Incident Commander/District Collector/Municipal Commissioner. Death-audit shall be undertaken for all deaths in the hospitals and in the community to provide supportive supervision to field staff/hospitals.

D. Vaccination

100% vaccination for the eligible age-groups shall be undertaken duly creating additional vaccination centres and optimal capacity utilization of existing Centres.

E. Community Engagement

i. Ensure adequate advance information to community, also highlighting the need for stringent containment actions so as to win their involvement and support.

ii. Provide enough time for people movement for essential requirements etc. before announcing the large scale containment.

iii. Take necessary actions to avoid misinformation & panic in the community.

iv. Involve local level NGOs/CBOs/CSOs, Opinion Makers and subject experts to create a positive environment and for sustained dialogue with the community.

v. Create wide publicity on early warning signals and self-reporting so as to identify cases early and to prevent avoidable deaths among home isolation patients.

vi. Give wide publicity on the mechanism whereby people can get themselves tested, details of available health facilities, requisitioning an ambulance etc (community based organizations should be encouraged to create WhatsApp groups for quick dissemination of information so that the individuals in need of prevention and/or care services do not suffer delay).

vii. Ensure that details of hospital beds and their vacancy status is made available on-line and also released to media on a daily basis.

viii. Details on availability of oxygen, drugs, vaccine and vaccination centres; including the guidelines related with use of Remdesivir/Tocilizumab etc. be also widely publicized so as to create confidence in the community.

.....contd/-
ix. Community should be oriented about the feasibility of managing mild COVID-19 cases at home with appropriate monitoring of vital parameters such as temperature and oxygen saturation with the help of pulse oxymeter.

x. Need for COVID Appropriate Behaviour including regulatory framework for enforcement should be widely publicized.

xi. Build confidence in community duly highlighting the nature of disease, the fact that early identification helps in early recovery and more than 98% people recover to remove fear as well as stigma related with Covid-19. Involvement of civil society organizations to hold such orientations go a long way in this regard.
NATIONAL DIRECTIVES FOR COVID-19 MANAGEMENT

1. **Face coverings:** Wearing of face cover is compulsory in public places; in workplaces; and during transport.

2. **Social distancing:** Individuals must maintain a minimum distance of 6 feet (2 gaz ki doori) in public places.

Shops will ensure physical distancing among customers.

3. **Spitting in public places** will be punishable with fine, as may be prescribed by the State/ UT local authority in accordance with its laws, rules or regulations.

**Additional directives for Work Places**

4. **Work from home (WfH):** As far as possible the practice of WfH should be followed.

5. **Staggering of work/ business hours** will be followed in offices, workplaces, shops, markets and industrial & commercial establishments.

6. **Screening & hygiene:** Provision for thermal scanning, hand wash or sanitizer will be made at all entry points and of hand wash or sanitizer at exit points and common areas.

7. **Frequent sanitization** of entire workplace, common facilities and all points which come into human contact e.g. door handles etc., will be ensured, including between shifts.

8. **Social distancing:** All persons in charge of work places will ensure adequate distance between workers and other staff.

***
